

## M:Tech (Music Technology) – Autumn 2024 Term

**M:Tech** is an **extracurricular music technology and creative composition course** for children aged 7-13.

They teach the **fundamentals of music composition theory**, with young **learners** composing soundtracks to fun and **engaging multimedia projects** like movie trailers and TV adverts.

In the Winter 2024 term, the children will be working on **Project Remix**:

Explore the world of musical masterpieces and transform them into your own modern hit!

Turn sweeping strings into sizzling synthesizers and bold brass into booming basslines as we enter...

Project Remix!

After completing a term of lessons, learners will have created and completed their own unique piece of music to add to their growing **M:Tech music portfolio**. This is sent home and certificates are awarded to **mark their improvement and course progress**.

Participation on the M:Tech course also now includes access to the new **'MyM:Tech' home platform**, where learners can develop their ideas, skills and create music at home.

This course is administered directly by M:Tech and to register your child's interest please sign up online at [www.mtechonline.co.uk](http://www.mtechonline.co.uk) or call The M:Tech team on 01483 578114.

Fees are £12.50 per weekly session of 30 minutes. Your bill will be adjusted to reflect the exact number of lessons in a term.
